Mr. and Mrs. Arthur Mills and family have recently moved into the former Richard Blake residence on the East Bethel road.

John Currier returned Sunday to the Rumford Community Hospital, where he was admitted to the intensive care ward.

Mr. and Mrs. Brooks Whitehouse and family and friends spent the week end in town and enjoyed skiing at Sunday River.

Clifton Colford arrived home this past week end after spending two weeks in Plainfield, N.J., visiting friends and skiing at Great Gorge.

Mr. and Mrs. Maurice Bouchard and sons were in Skowhegan over the holidays visiting his brothers and sisters, other relatives and friends.

The monthly meeting of the W. S. C. S. will be held next Thursday at the home of Abbie Brown at 7:30. Mrs. Muriel Butters has the program.

Mrs. Charles Merrill and Darlene returned home Sunday afternoon spending a few days in Boston where Darlene was interviewed at Boston University and Northeastern College.

The Evening Extension meeting was held Tuesday night at the Home Ec Cottage, Gould Academy. There were nine members present. Rug Braiding was the subject led by Mrs. Nell Valentine. She explained the different ways of rug braiding and gave the group many useful tips.

The Craft Workshop for the Summer Fair of the WSCS had a planning meeting at the home of Mrs. Annie Gordon Wednesday afternoon. Next Wednesday the Workshop will meet at the home of Mrs. Gordon at 1:30 for their first work meeting. Anyone is welcome to attend and to bring along any ideas they may have.

Bethel and vicinity was hit by a severe cold spell and heavy winds Monday and Monday night. The temperatures in parts of town dipped as low as 25° below zero and the winds gusted to 30 and 40 miles per hour. At times it was nearly impossible to see any distance. It was very difficult for the road crew to keep the roads open because of heavy drifting.

The Afternoon Circle of the WSCS met at the home of Mrs. Faith Brown last Thursday, with 16 members present and one guest, Mrs. Glazier. Mrs. Marah Webster had the program. Miss Minnie Wilson, Mrs. Annie Gordon and Mrs. Gladys Guiney led the group in their Bible Study. Mrs. Guiney gave a very interesting report to the group about the missionary work that Harriett Kneeland, a former Bethel girl, is doing in Peru, South America. After the Bible Study Mrs. Brown served refreshments.

The Evening Circle of the W. S. C. S. met at the home of Jackie Stebbins last Thursday evening. The meeting was called to order by the president, Arlene Walker. Rachel MacKay gave the secretary's report. Betty Perkins had devotions and Sylvia Luxton, the program. She gave a very interesting reading on modern math and what it means in our ways of living today. The Secret Path were chosen for the year. A Bible Study was discussed. The group decided to take different parts of the Bible and study it. At the end of the meeting, Mrs. Stebbins served coffee and refreshments.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Tax collections for the previous year were 93.8% as compared to 94.8% for collection at the time the books closed last year.

The overall financial transactions for 1967 were not as much as in 1966, due to the most part to less activity in accounts that simply handle money such as out-of-town welfare and equipment rental. These accounts supposedly do not lose or make money. The winter road account is overdrawn the most. We purchased two times as much salt last year as the year before. This was over a \$5,000 item alone.

We have had to have a bulldozer remove snow from the West Bethel Flat Road as our trucks could not keep it open Monday night. While the machine is in the area, it is leveling the banks down in preparation for future storms. Several people who have experience with that section claim they had not seen the wind blow as hard as it did the first of the week. The new trucks had difficulty heating the cabs enough to keep the windshields clear. The men working felt if they were using the old one that was traded last spring, the cold would have been so bad it would have been impossible to work.

POSTPONED MEETING OF HOSPITAL AUXILIARY TO BE HELD JAN. 15

The January 8th meeting of the Rumford Hospital Auxiliary was cancelled because of the storm. The meeting will be held Monday, Jan. 15, at 7:00 p.m. at Jan Stowell's. It will be a pot luck supper with Mr. and Mrs. Eugene Loubier present.

MANY PEOPLE TO WORK ON WINTER PROGRAM FOR BETHEL AREA

It takes a lot of hands to get the job done and many people have already donated their services to make the Winter 1968 Program a success. This program is under the sponsorship of the Greater Bethel Chamber of Commerce.

Paul Kalley and Fred Burk will take care of the numerous events that will be held at Sunday River. The Cross Brothers and Blaine Mills will be working on several activities that will be held at Mt. Abram.

Bill Cousins, Norma Jodrey, and Bill Eames will be in charge of the Queen Coronation and the Warren Miller Ski Movie.

Rev. Clifford Laws, Rev. George Stebbins, Mr. and Mrs. Roger Conant, and Mr. and Mrs. Earlone Paine will be offering church services and free breakfasts.

The Snow Twisters Club with Dick Stearns as president will be responsible for the snow vehicle events.

Mr. and Mrs. Alvin Barth are serving as chairmen of the Snow Ball, and Mr. and Mrs. Charles Newell are in charge of the snow sculpture contest.

Dr. James Hudson will take care of the fireworks, and the two ski clubs will be holding public dinners for members and friends.

Two committees will be formed from the Chamber of Commerce to take care of the parking at the snow vehicle races and to put on a public dinner on Feb. 24.

SIC REPORTS \$29 MILLION IN HIGHWAY CONTRACTS

The State Highway Commission reports at the beginning of the new year 85 highway and bridge projects under contract located throughout the state totaling an estimated \$29,278,302.

During the month of December four projects were awarded to contract amounting to an estimated \$713,300. This work calls for 2.8 miles of highway construction and a traffic signal installation. The highway work is in Dixfield-Jay, Windham and South Bristol.

The Dixfield-Jay project is for the reconstruction of 1.4 miles of Route 17 beginning near the town line in Dixfield and extending southeasterly to a recently built section of highway in Jay.

Practically all of the new highway will be on new location eliminating hazardous curves and grades. A new bridge will be built at Allen Brook consisting of a structural plate pipe arch with a span of 12½ feet. In the village of North Windham the intersection of U. S. Route 302 with Route 115 and Route 35 will be rebuilt to eliminate present hazardous conditions. About 0.3 of a mile of U. S. 302 will be widened to facilitate turning and refreshments.

The Evening Circle of the W. S. C. S. met at the home of Jackie Stebbins last Thursday evening. The meeting was called to order by the president, Arlene Walker. Rachel MacKay gave the secretary's report. Betty Perkins had devotions and Sylvia Luxton, the program. BETHEL CHAMBER APPROVES WINTER PROGRAM PLANS

The Greater Bethel Chamber of Commerce approved the Winter 1968 Program at its first meeting this year. The Chamber met Tuesday evening at the Jackson-Silver American Legion Hall in Locke Mills.

Outgoing President William Cousins introduced the Winter Program Chairman Blaine Moores who talked with the Chamber members on the purpose of the program. Other members of the committee went on to explain the various phases of the activities.

Dr. James Hudson explained the events that have been planned for the eight weekends starting Jan. 28. He noted that the committee had made use of several ski meets that were already planned at the Sunday River Skiway.

Norma Jodrey told the Chamber of the people that have been selected to head up the various events.

Mrs. Pat Hudson went on to explain the financial side of the program.

The committee hopes to realize income of \$1,100.00 plus the donations of \$100.00 each as pledged by the Cross Brothers of Mt. Abram, and the Sunday River Skiway.

The Chamber voted to the intersection of Church and Railroad Streets, Tuesday afternoon. The driver, Harold Rolfe, and Parker Conner, reportedly suffered minor injuries.

B. F. D. TANK TRUCK WRECKED IN PLUNGE TO R. R. TRACKS TUES.

While responding to a call for a chimney fire at the home of George Stowell Jr., West Bethel, a 1,250 gallon tank truck of the Bethel fire department was demolished when it went over a 30-foot embankment near the intersection of Church and Railroad Streets, in mid-afternoon on Tuesday.

The truck, driven by Harold Rolfe, was approaching the intersection when reportedly the brakes failed to slow the vehicle.

DAVIS TO SPEAK AT P. T. A. MEETING, JAN. 16

The Bethel P. T. A. will meet at the Crescent Park School on Tuesday, Jan. 16. Stanley Davis will be the featured speaker.

Mr. Davis is the vocational education teacher at Stephens High School in Rumford. He teaches classes in the building trades.

His students learn all of the phases of construction. This enables the students to either go on to higher education or to get a job in their chosen field.

UNLAWFUL FOR DOGS TO BE LOOSE IN DEER AREAS

Dog owners are reminded by the Maine Fish and Game Department that it is now unlawful for dogs to roam at large in areas frequented by deer.

The owner or keeper of any dog found in a deer area between Dec. 1 and June 30 is subject to a fine of up to \$50 and may also lose his dog.

Game wardens are authorized by Maine law to destroy any deer-chasing dog, but rather than do this they would prefer to see the pet kept under control by its owner.

The law is designed to protect deer through winter months when escape from dogs is often hindered by deep snow and slippery footing. Each year a number of deer are killed and others harassed unnecessarily by dogs which are allowed to roam unattended.

Records kept by game wardens show that dogs are second only to automobiles in causing out-of-hunting season deer deaths.

SLIDES FOR PROMOTIONAL USE SOUGHT BY CHAMBER

The Greater Bethel Chamber of Commerce has been asked to provide 35 mm color slides to be used to promote Maine as a "four season" recreational area. Northeast Airlines is preparing a slide project and narrative for use in their other market areas.

Anyone in the Bethel region having suitable slides of this section of the state, of which duplicates may be made, are asked to contact Elwyn Dickey, president of the local chamber.

John E. Howe, Post No. 68 Commander and Department Vice Commander will act as moderator.

Refreshments will be served following the meeting by the Auxiliary. Anyone interested may attend this open meeting.

Another truck was dispatched to the West Bethel chimney fire, and no damage was reported.

Men were on duty all Monday night at the Bethel Fire Station and responded to calls from the Albert Smith home, West Bethel, and the Murray Thurston farm.

Monday afternoon firemen answered a call for a chimney fire at the John Deegan place in Greenwood. No damage was reported as a result of these chimney fires.

OXFORD COUNTY SOIL CONSERVATION DISTRICT REPORTS ON BUSY YEAR

The supervisors of the Oxford County Soil and Water Conservation District report many construction practices completed during 1967.

Among jobs completed are ten new ponds for stock water and wildlife. Landowners building these ponds were: Clyde North, Stoneham; Edmund Smith, West Bethel; Vernal Andrews, Richard Laneau, Pierre Beleau, and Stuart Cooper of Sumner; William Weston, Rumford Center; Francis McClare, Hiram; Don Batchelder, South Paris; Donald Cummings, Mexico.

The Don Cummings pond is a special project pond the cost of which was shared by the County Committee of the ASCS, the Oxford County Soil and Water Conservation District, Mexico School Department and Donald Cummings. This pond will be used as a outdoor biology laboratory.

GREENWOOD CITY

NEWRY

Mrs. Celeste Morgan, Corres. — The poem, "The Little Things" by Mary Hughes so well fits my school neighbor, Katherine. Many times over the years she has given of herself and some of those time it wasn't always convenient but she did anyway. Only last Friday when we had no heat for a while at the school house she invited us to her home to share hers. But 19 extra children? No. Such friends we do not forget.

The Little Things
It really is the little things
That mean the most of all.
The "let me help you with that" things

That may seem very small,
The "I'll be glad to do it" things
That make your cares much lighter

The "laugh with me its funny" things
That make your outlook brighter

The "never mind the trouble" things,
The "yes, I understand"

The interest and encouragement
In everything you've planned.

It really is the little things
The friendly word or smile,
That add such happiness to life
And make it more worth while.

The Northern Raven is spending his winter here in the City. He is a giant among our black feathered birds. At a distance he is sometimes mistaken for a crow. On a closer view one notices that he is twice the size of the crow. Another difference is noticeable in flight. A crow seems to work hard while flying but the Raven gains an altitude then holds its wings straight and flat and soars. His call can easily be identified; as he wheels he hoarsely calls Kruuuck! Ky-r-r-ruck!

Mrs. Olive Davis, Corres. — Snow, snow, snow.
Plows grow and grow.
All shovels come in play,
As much snow is moved that way.

6 or 8 inches of fluffy snow hit our area Saturday night and Sunday. Around and around the plows go, where they stop nobody knows.

Schools opened Tuesday. Some sickness seemed to be going among the children. We hope the flu does not hit the schools too severely. Wet feet are common as the children play outdoors in the snow. I wonder if woolen stockings might prevent some of this. I marvel that they are as well as they are with wet feet.

SNOW TRAVELERS CAUTIONED AGAINST TRAVELING ALONE

The recent announcement that state parks and most of the Allagash Wilderness Waterway will be open to snowmobilers this winter prompted words of warning from Chief Warden Maynard E. Marsh of the Maine Fish and Game Department.

He notes that the "buddy system" should be employed when traveling in the woods; that is that snow machines travel in pairs in case one machine breaks down or gets stranded.

Marsh also recommends that all snowmobilers carry extra gasoline, spark plugs, drive belts, and starter ropes. A sleeping bag, ax, shovel, matches, and snowshoes are also important survival equipment for snowmobilers, according to Marsh.

The Chief Warden says that perhaps the most important thing a person can do to insure his safety afield at any time of year is to tell someone where he is going and when he will return. Without this information, wardens never know where to begin looking or even if a search is indeed necessary.

FARM EMPLOYERS MUST FILE RETURN BY JAN. 31

January 31 is the deadline for employers of farm workers to file their 1967 Form 943, Employer's Annual Tax Return for Agricultural Employees, and pay the Social Security taxes due, Whitney L. Wheeler, District Director of Internal Revenue of Maine, has announced.

There is an exception for farm employers who made timely deposits of all social security taxes on wages paid in 1967. They have until February 12 to file Form 943 (with Forms 450 attached) for such taxes.

The tax applies to cash wages of \$150 or more paid to each employee in 1967 or cash wages, regardless of amount, if the employee performs agricultural labor on 20 days or more during the year.

The rate of tax for 1967 is 4.4 percent for the employee plus a similar amount from the employer or a total of 8.8 percent of the first \$6,600 of taxable wages paid.

A "crew leader," a person who furnishes and pays workers to perform agricultural labor on his own behalf or for another, is treated as an employer under the law, Director Wheeler said.

Form W-2, Wage and Tax Statement, must be furnished each employee paid \$600 or more during the year. However, employees paid less than \$600 for any wages reportable on Form 943 must be given a statement for social security purposes. Although use of the Form W-2 is preferred, Form SS-14 can be used for this purpose.

More detailed information is available in IRS Circular A, "Agricultural Employer's Social Security Tax Guide," which can be obtained without cost by writing the District Director of Internal Revenue, 88 Sewall Street, Augusta, Maine 04330.

RUMFORD HOSPITAL URGES COMMUNITY HEALTH PLAN

Goals and objectives of area-wide community health planning focused on the development of an Area Health Council, prompted much discussion at a significant meeting held at Rumford Community Hospital recently. Officials from the Department of Health and Welfare, Augusta, and representatives from the Rumford Health Council, Rumford-Mexico Area Community Services, Inc., and the Town of Rumford, met with members of hospital administration. Recognizing its leadership responsibility as a community health center, hospital administration initiated the meeting to discuss and evaluate a plan of action for the area.

Present at the meeting were: William J. Carney, Miss Eleanor Irish, R. N., and Miss Mary Sullivan, R. N., of the Department of Health and Welfare; Dr. and Mrs. James A. MacDougall, Mrs. Gloria Flynn, R. N., and Karl Kraske from the Rumford Health Council and Rumford-Mexico Area Community Services, Inc.; Leo Morency, town manager, Town of Rumford; and E. E. Loubier, hospital administrator, Mrs. Virginia Bundy, R. N., director of nurses, and Mrs. Geraldine Joy, R. N., visiting nurse in the Home Health Agency, represented the hospital.

Ultimately the objective of community planning is for better health care for the total populace at the least cost. Health officials throughout the nation focus dramatic attention upon the necessity for community planning. And the recent passing of government health legislation on federal, state, and local levels has further influenced not only the policies, procedures and practices of community hospitals but propelled them in a new direction.

Recent government legislation on Comprehensive Health Planning and Public Health Services Amendments of 1966 provides for project grants to states and local agencies for comprehensive health planning and public health services far beyond any past program of this type. In addition, the Allied Health Professions Personnel Training Act of 1966 and a number of related laws were passed in an attempt to strengthen health manpower.

Furthermore, in a study of medical care prices made for President Johnson by the United States Department of Health, Education and Welfare, the following areas were among several in which more effective cost control should be achieved in the years ahead: (1) Planning councils for hospital and health facilities to avoid unnecessary duplication of health facilities; (2) More efficient utilization of existing hospital and health services personnel.

In view of these developments it becomes apparent that the community hospital is in for an increasing number of significant changes. The forces evolving today are requiring new responses. The hospital that clings to the image of the past or present community is out of step with the times.

Thus the Board of Directors

NEW MEMBER OF MUNDT-ALLEN POST, NO. 81, AMERICAN LEGION

Delma McMinn, center, recently discharged Air Force veteran, is the local Post's newest member. On the left is Maurice Bouchard, Adjutant, and on the right is Rodney Jordan, Commander.

Rumford Community Hospital has appointed a long-range strategic planning committee to explore the long-range future needs of the hospital. But these plans must evolve around the need for community hospital planning.

This is concerned with the way hospitals fit into the total health care system of the community, as opposed to the way they are fitted together internally. In recent years great progress has been made in internal hospital planning. The results are improved effectiveness and efficiency in the hospital's internal operations. Now, the major responsibility of the hospital as a community health center, rather than an isolated entity, is the delivery of health care to the population.

In opening the meeting, E. E. Loubier, hospital administrator, stated that joint planning must prevail in community planning.

Otherwise the purpose and goals cannot be reached at minimum cost. This objective—to deliver preventative, curative and restorative health care with the greatest economy in the use of resources and people—was stressed in President Johnson's medical care price study last year.

Loubier further stated, "If an Area Health Council were presently in operation to include not just the hospital or town but all surrounding communities, we would be better equipped to face the area's number one problem to-day—that of losing the ambulance services on March 1."

In continuing, Loubier emphasized, "Rumford has enjoyed the fruits of better total health care more than many communities its size.

But these efforts have been separate efforts of many interested people, and, I fear, not at the least cost."

Rumford Town Manager, Leo Morency, commented on the considerable research he has done, and proposed three basic plans all of which are compatible with the idea of regionalization. Morency further agreed that since the hospital's Home Health Agency was already certified under the Social Security Administration, the biggest obstacle towards organizing community agencies toward the goal of providing health care on an area basis has been overcome.

William J. Carney, director of division of hospital services in the Department of Health and Welfare, elaborated on the many resources available in the community and reimbursable under Medicare or Medicaid, when rendered through an accredited Home Health Agency such as the hospital's agency.

The need for joining services of home health agency nurses with

Mrs. Lona Gilbert, Corres.

It is reported that David Luxton who underwent surgery for appendicitis at the St. Louis Hospital, Berlin, on Wednesday of last week is gaining satisfactorily.

Mr. and Mrs. C. B. Watts of Waterford were supper guests Saturday night of her sister, Mrs. Myrtle Emery and Joseph Perry.

Mr. Raymond Bennett and Candy left Friday to visit their daughter and family, Mr. and Mrs. Leon Tyler Jr. in Elliot. They are expected home by the first or middle of this week.

Mrs. Richard Walker who underwent surgery at Rumford Community Hospital last week is making a good recovery and is expected home by Tuesday afternoon this week.

Miss Barbara Sue Wheeler arrived home Friday after three weeks vacation in Florida. Miss Wheeler was a guest of Mr. and Mrs. Donald Brown, Mrs. Frank Hunt, Mrs. Douglass and Mrs. Packard. Mrs. Allan Messer and Mrs. Eldon Greenleaf were unable to attend.

those of public health nurses in an effort to provide better home nursing care was stressed by Mary Sullivan, R. N., director of the department of public health nursing in the Department of Health and Welfare. She further stated that there is a great need for the training of Home Health Aides. By way of training Home Health Aides differ only slightly from Homemakers which are presently available in Rumford. Homemakers are not reimbursable under Medicare and Medicaid as are the services of Home Health Aides. The suggestion that present Homemakers may possibly qualify as Home Health Aides with a little additional training will be explored.

Carney re-emphasized Loubier's earlier comments that regional medical planning has become a matter of necessity by federal law. Under this program, Rumford's natural referral channel area would be Lewiston. The Androscoggin Home Health Agency of Lewiston has already pledged its support. It could serve as a central area and give the necessary administrative support. Yet, as stressed by both Carney and Loubier, the local unit would not lose its power and the right of self-government.

As the next step in the area planning process, a decision was made to compile all data and statistics from the hospital's Home Health Agency, Rumford Health Council, Rumford-Mexico Area Community Services, Inc., and the Department of Health and Welfare and Public Health Service, to evaluate the need for this multi-health service plan for community leaders. Appointed to make this study were Miss Mary Sullivan, R. N., Miss Eleanor Irish, R. N., Karl Kraske, and William Carney. Results will be presented at another meeting to be held at the hospital on Feb. 14, at 1:00 p. m. A further plan of action will be determined at that time.

movement at the junction; short
sections of the approaches of 115
and 25 will also be rebuilt. A
separate project will install modern
traffic signals at the junction.
The South Bristol work will
continue the improvement of
Route 129 southerly of an already
modernized section of highway,
through the village of Walpole, a distance of slightly
over a mile.

Five projects were completed
during the month of December
totaling an estimated \$1,478,880.
This work included two highway
construction projects in Ellsworth
and Harpswell and an Interstate
stabilization test project in Portland
and South Portland. Landscaping was carried
out in conjunction with the highway work.
In Ellsworth over 2.7 miles of U.S. 1 were rebuilt west
of the city beginning at the end
of previous improvement and
continuing westerly. The work in
Harpswell resulted in a new section
of Route 24 on Great Island extending
1.2 miles between Dyer Cove and Card Cove. Roadside
beautification was a part of both contracts.

ELLIS SCHOOL PLANS TO SPONSOR COMMUNITY THEATRE PRODUCTION

Plans for a community theatre
production to be sponsored by
the Ellis School Adult Study
Program have been discussed by
Thomas Furman and students of
his course in drama.

Mr. Furman, who has volun-
teered to direct a production
will need the assistance of resi-
dents interested in acting and in
managerial staff work. The

community theatre production
needs men and women willing to
manage publicity, scenery, con-
struction, costuming and proper-
ties—as well as others interested
in acting.

It is Mr. Furman's hope that
